News letter of MCM Hospital Vol.3 Issue.3 {05 - 06. 2018}

VOICE OF MCM

(Dedication Ceremony of Eunpa Library and Rodem Dormitory)

The Opening Ceremony of EUNPA Library

This June 19th and 20th, we had a opening ceremony for Myungsung medical college library and dormitory. For this ceremony, 35 people, including the head pastor of Myungsung Church, Pastor Samhwan Kim, visited the MCM complex. On the 19th, government officials, school administrators, diplomats from various nations, principals of different colleges, head librarians, the press, military veterans, Korean residents, African missionaries, MCM · MMC first generation volunteers, Myunsung Church, Compound residents attended the pre-opening ceremony. In particular, the Myungsung Church quartet, the Ethiopian children's choir, and the Zimbabwe worship team all performed at the opening ceremony. Along with this, there was the giving of the plaque of appreciation by Pastor Kim.

On the day of the opening ceremony, we gave thanks at the Myungsung 30th Anniversary Sanctuary for the opening of the Rodem dormitory and the Eunpa library. A total of 400 guests were present to celebrate the occasion and the ceremony was opened with the sermon by Pastor Yoo and prayer by Pastor Choi. The Myungsung quartet and the Mekane Yesus praise team and the Zimbabwe praise team were also present for the special worship service. Hun-min Yim, a Korean ambassador of Ethiopia, gave a congratulatory speech at the opening of the library/dormitory. Elder Pastor Sam-Hwan Kim presented an honor award in tribute of the ceremony. Following the report given by administrative Vice Dean HongRyang Moon, the crowd was escorted to the front of the library for a tape cutting ceremony and the tour of the dorms. In appreciation of the guests who attended the celebration, hamburgers and other presents were given. The finale of the ceremony was the evening praise and worship service. The service included presentations by the Myungsung quartet, Zimbabwe praise team, the MMC Christian club and the MCM praise team. Particularly, the Zimbabwe praise team leader, who also serves as the pastor of his church, shared a prayer request with the audience, this worship service provided the guests with a time of unification and teamwork by the grace of God.

This event, that brought many countries together, was only possible through the grace of God.

Please pray that the Eunpa Library and and Rodem Dormitory will be used as God's instrument of blessing, so that the students at the medical school can freely study and grow and live safely for the glory of God.

Canaan Village Movement (Ziway Mezepara)

On June 21sth, in the area of Ziway Bulbula Mezepara, the opening ceremony of the Canaan Village Movement project took place. Just as Jesus preached, taught, healed, and redeemed us, we wanted to follow the example of Jesus by building 40 houses for families in the area of Bulbula Mezepara through the Canaan Village Movement project. On the day of the opening ceremony, the ground-breaking ceremony was led by Pastor Yoon-Ki Kim, and the first part of the service included prayers lead by Pastor Jong-Seng Kim, praise by the local praise team, and the opening remarks of the elder pastor, and Pastor Yoo Eui-Woong's benediction. In the second part of the service, there was the first-shoveling ceremony, the donation of 100 sheep, a picture taking moment with the locals, a joyful dance and praise. Lastly, there was a tour of the local houses. We hope that the start of this village movement can spread the love of God and the gospel through continual support, prayers and continuing business with the locals.

Step Down ICU OPEN(준중환자실 개설)

On June 1st, we opened the Step Down ICU (sub-intensive care unit) at the hospital. The Step Down ICU was created for patients without the financial capability to be treated in the ICU.

It is also geared towards patients who need more attention than the general care unit. Currently, there are four units being used to take care of patients, but this is just the start: we are planning to expand the Step Down ICU by providing further education for the nurses. Please pray for us so that we can create an environment where patients can be healed both physically and spiritually aided by the Holy Spirit.

Bulbula Mobile Clinic (2018. 05. 27)

Last May 27th, about 30 MID missionaries, including Pastor Yoon-Ki Kim, Head of the hospital Chul-Soo Kim, and Elder Hong-Ryang Moon, visited the Bulbula region for two days. The purpose of this visit included medical aid and preparation for the ground-breaking ceremony and for the home improvement project (Canaan Village Movement), among many things. On the 27th, we visited and examined the Gonjebo and Eunseno church in the Ziway area with Pastor Kim, and on the 28th, 7 medical personnel including Jae-Hyung Park(Myung Ji Hospital) who visit MCM for Intervention Radiology Fellow Training, and Gwang-Chul Kim who teaches Bio-chemistry in MMC, set up a mobile treatment facility.

This mobile clinic was especially meaningful as five local MMC interns and MCM nurses participated in the clinic by assisting treatment and translating for the Korean medical staff. As for the people who did not need treatment, they were taught how to maintain dental hygiene, and the village was given approximately 150 toothbrushes and tubes of toothpaste to use. We provided various activities such as face painting and playing with bubbles for the childrens' ministries.

This mobile clinic treated approximately 160 patients. Among those patients, the most prominent diagnoses were diabetes and cataracts. After the exams, six patients were transported to the MCM hospital for further diagnosis, and one patient was chosen out of the six to have the opportunity for an operation. Please pray a constant for the care for the people of Bulbula.

MID missionary conference

On May 25th at 6:30 pm, the MID Missionary Conference was held in the residential cafeteria. Pastor Yoon-Ki Kim opened the conference with a prayer. The head director of the hospital, Chul-Soo Kim, gave the opening greetings, which were followed by Deacon Jin-Wook Kim's update on MID's management status, current operations, and missionary funds. Next, MMC Vice Dean Hong-Ryang Moon gave a presentation about the opening ceremony of the dormitory and the library planned in June, and the conference was continued with an open discussion. Through this conference, many missionaries, especially American medical missionaries and their families, were given the opportunity to understand the mission statement of Myungsung church.

This conference helped create a harmonious atmosphere amongst the attendees. We hope that future conferences like these can be a gateway for the missionaries to have a deeper understanding of MID's mission. Furthermore, we pray that missionaries would be faithful servants, bearing their God-given cross, sharing the gospel, and spreading God's love in Ethiopia.

White Coat Ceremony

On May 19, 2018, Myungsung Medical College held the 5th annual White Coat Ceremony at Good News International Church. First year students received their white coats and were congratulated by all faculty, staff and families. We are eager to see students model Jesus Christ's example and become excellent, committed Christian physicians, and we ask you to support these students in prayer.

Y.D.B.B. Pastoral Seminar

From June 4th to June 7th, Good News MyungSung International Church hosted its pastoral seminar with pastors from all over Ethiopia. On the first day, MMC Medical School's Dean, Dr. Roger Holland, hosted a lecture about biblical doctrines, and on the second day, the MMC medical vice Dean, Pastor and Dr. Sung-Joong Kim, held a lecture about New Testament Survey. On the third day, local Pastor Henok held a lecture on the great commission to the church. On the last day, the concluding lecture was taught by Pastor Yoon-Ki Kim on the Y.D.B.B church administration, and its church ministries. Until now, most Ethiopian pastors preached with a focus on healing based on the prosperity gospel, but through this seminar, they reached a better understanding of Christianity through the biblical and gospel-centered messages. This seminar left an impact on most pastors that attended, and this was clearly shown as most pastors requested a continuel hosting of events such as these.

Parents' Day Worship Service

On Sunday May 13th, which was Parents' Day, the church held a special worship service in honor of the parents. This day was special as the young adults gifted the parents with corsages that they made. Unlike other services, a young adult led the service. The service included recital of letters written to the parents as well as prayers directed for the parents. The young adults also prepared a special offering for God. After prayer, they hosted a special luncheon for the elders that were older than 65, and also gave gifts to the parents that were present at the ceremony.

Please pray for all the members of Good News Church, especially the physical and spiritual health of the elderly.
